

# Role: Layout Engineer

**Reporting to: Design Centre Manager**

**Based: Gdansk Poland**

In-Chip Monitoring  
Subsystem Solutions

## About the Company:

Moortec Semiconductor is no ordinary company. We are looking for talented and enthusiastic self-starters with inquiring minds who are willing to support our cutting edge work in semiconductor IP design. We licence our in-chip monitoring products to a range of Blue Chip companies around the globe. From modest beginnings in 2005, we have now established ourselves as market-leaders and a forward-thinking global company and an industry employer of choice.

Our working environment is welcoming and friendly and you'll be surrounded by some of the brightest minds in the industry and world-class Engineers. For some of our roles it doesn't matter if you're not from an engineering background but it's always important you can share our company values of; **Expertise, Teamwork, Integrity and Balance.**

We can offer employees a challenging and fulfilling career path, where you will be encouraged to let your ideas flourish at every level and be supported in your development to fulfil your potential.

We offer an excellent salary and benefits package, flexible working arrangements, regular social events and modern offices.

## About The Role:

Layout and verify full custom circuit designs, sub blocks, IP blocks, and chips including in deep sub micron technologies.

## Qualifications, Skills & Experience:

### Responsibilities and Duties:

- Layout analogue blocks using appropriate full custom layout techniques.
- Liaise with block designer, where appropriate, to achieve best possible engineering solution.
- Fully verify analogue blocks using appropriate industry standard tools.
- Liaise with other technical staff to facilitate best possible engineering solutions.
- Communicate directly with customer where technical input is required.

## Qualifications, Skills & Experience:

### Continuous Professional Development:

With the support and direction of the company, we actively encourage and expect all team members to continually develop the technical skills, competencies and experience in order to meet the current and future needs of the business.

### Salary & Benefits:

- Competitive salary
- Supportive career development
- Company bonus scheme
- Standard holiday + public holidays
- Life insurance cover
- Private Healthcare package
- Access to company share scheme
